Career Objective

A self-motivated and passionate graduate from Chittagong University of Engineering and Technology (CUET) focusing on NLP and Data Science, driven by a desire to research, innovate, and teach. Committed to deriving insights from data and advancing these fields, I am eager to share my knowledge and experiences with students, inspiring and mentoring them to achieve their full potential. I aim to leverage my expertise and technical skills to impact academia and industry significantly.

Experience

September, 2020 - October, 2023

Industrial Attachment, iXora Solution, Mirpur 14, Dhaka, Bangladesh

March, 2021 - July, 2021

Founder & Tutor, Omikron Engineering Coaching Center, Saidpur, Nilphamari

January, 2023 - February, 2024

Publication Secretary, CUET Computer Club

March, 2023 - May, 2024

Finance Secretary, Rangpur Division Association, CUET

Publications

Conference Proceedings

- 1 Osama, M., Ahmed, K., Ali Taher, H. M., Hossain, J., Ahsan, S., & Hoque, M. M. (2024). CUET_NLP_GoodFellows@DravidianLangTech EACL2024: A transformer-based approach for detecting fake news in Dravidian languages. In B. R. Chakravarthi, R. Priyadharshini, A. K. Madasamy, S. Thavareesan, E. Sherly, R. Nadarajan, & M. Ravikiran (Eds.), *Proceedings of the fourth workshop on speech, vision, and language technologies for dravidian languages* (pp. 187–192). - 2 Ahmed, K., Osama, M., Islam, M. S., Islam, M. T., Das, A., & Hoque, M. M. (2023). Score_IsAll_You_Need at BLP-2023 task 1: A hierarchical classification approach to detect violence inciting text using transformers. In F. Alam, S. Kar, S. A. Chowdhury, F. Sadeque, & R. Amin (Eds.), *Proceedings of the first workshop on bangla language processing (blp-2023)* (pp. 185–189). doi:10.18653/v1/2023.banglalp-1.21

Projects

Web Traffic Time Series Forecasting:	This project focuses on predicting web traffic for the next 30 days using the ML approach, Mathematical approach, and ARIMA.
ML Project:	This section includes- • House Price Prediction using machine learning • Credit scoring model
NLP Projects:	This section includes: • Hierarchical approach for Hate Speech Detection • Fake News Classifier

Education

2018-2024	Chittagong University of Engineering & Technology BSc in Computer Science and Engineering, Chittagong, Bangladesh	CGPA: 3.65
2016-2018	Saidpur Cantonment Public College Higher Secondary Certificate(Science group), Saidpur, Nilphamari	GPA: 5.00

Skills

Languages	Moderate reading,writing and speaking competencies for English, speaking Hindi and Urdu.
Programming Languages	C, C++, Python
Libraries	Numpy, Pandas, Matplotlib, Seaborn
Technology	Data visualization, Data Analysis, Machine Learning, Deep Learning, NLP
Framework and Tools	Django, Git, Jupiter, Latex, Octave, Spider, Google Colab
Softskills	Leadership, Business Communication Skill, Groupwork, Problem Solving, Self-confidence , Self-management, Consistency, Perseverance,

Miscellaneous

Awards and Achievements

EACL 2024	DravidianLangTech Shared Task Competition 5th position with team "CUET_NLP_GoodFellows" on FakeNews classification
-----------	--

Miscellaneous (continued)

EMNLP 2023 **BLP Shared Task Competition**
14th position with team "Score_IsAll_You_Need" on Violence Inciting Text Detection

2023 **Shared task NLP competition**
5th position with team "CUET NULL" on Multimodal Sentiment Analysis

Certification

Machine Learning Specialization

Coursera

Workshop on Computational Linguistic and Natural Language Processing

Offered by, NLP LAB, CUET

2022 **Traininig on AI and Machine Learning**

Offered by, Sheikh Kamal IT Business Incubator, CUET

DataCamp

Introduction to Data Science in Python

Introduction to Python

2021 **Data Science and Machine Learning**

Offered by, EMK Center, Dhaka

Instructor: Kawsar Farhad

Data Scientist, IDARE, Houston, Texas, United States

Field of Interest

Machine Learning

Deep Learning

Data Science

NLP
